

# CEILING SPRING CLIP (part no. EV9).

## DESCRIPTION:

- A spring steel holding clip for use in the assembly of ceilings.

## FEATURES & BENEFITS:

- Quick and easy to install.
- Clip Dimensions (mm): w90 d19 h58.

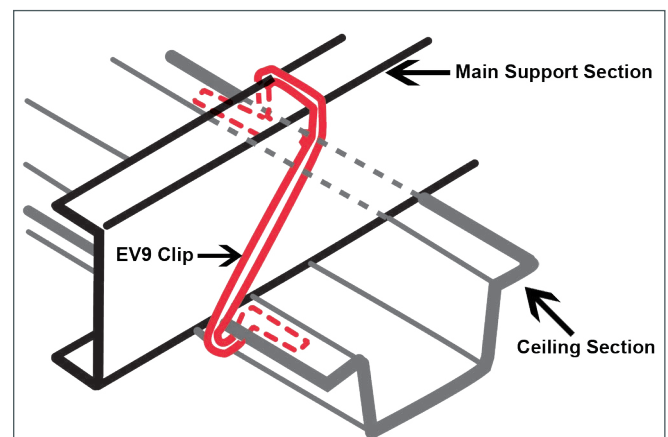

## MATERIALS:

- Sprung steel wire (galvanised).
- 3.5mm diameter.

## INSTALLATION GUIDE:

Once the ceiling support channel is installed. Hang the EV9 Spring clip over the support channel. Place the ceiling section in the required position and fix one of the spring clip legs under the ceiling channels flange. Prise the other leg under the opposite flange so that a tight fitting is achieved.

PART NO.	DESCRIPTION	MEAN ULTIMATE TENSILE	RECOMMEND. TENSILE*
